K-12 Education Leaders’ Guide to Ransomware: Prevention, Response, and Recovery

Co-hosted by:
Cybersecurity and Infrastructure Security Agency (CISA) and the National Cyber Security Alliance
About the National Cyber Security Alliance

NCSA is the nation’s leading nonprofit, public-private partnership promoting cybersecurity and privacy.

Convening partners who recognize strength in the security collective

Educating individuals on cybersecurity best practices

Amplifying collective efforts to increase cybersecurity awareness
CISA is the Nation’s risk advisor, working with partners to defend against today’s threats and collaborating to build more secure and resilient infrastructure for the future.
Moderated by:
Kelvin Coleman
Executive Director | National Cyber Security Alliance

A cybersecurity leader responsible for leading organizational growth, facilitating strategic partnerships, and acting as NCSA’s primary spokesperson.
Speaker:

Bridgette Walsh
Acting Deputy Assistant Director | Stakeholder Engagement – Cybersecurity and Infrastructure Security Agency

Supports CISA’s efforts to promote and deliver strategically aligned stakeholder engagements to help achieve a secure and resilient infrastructure for the American people.
Speaker:

Ryan Kalembere
Executive Vice President | Proofpoint Inc.

Has a global team of security experts and marketers that ensure Proofpoint’s customers have consistent insight into today’s advanced attacks and how to protect their people, data and brands.
Ransomware Vectors, Q4 2020
